Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: (a) Examiner indicated that the fax mailed 8/30/04 has not been entered since Attorney's signature is missing. (b) Examiner also explained the teaching from Emma. (c) Applicant argued that Fig. 11 of Emma does not show a single instruction fetch. (d) In response, Examiner indicated that a single instruction cache line fetch is best broadly and reasonably interpreted as a single instruction fetch such as that in the situation of a single VLIW instruction fetch. Each instruction contains several sub-instructions. (e) it was suggested to either cancel the claims 37-39 or to file a RCE for continuous examination .
